ARTEM KOTENKO

Flutter Developer | Mobile Software Engineer

Baku, Azerbaijan | Open to remote roles | kotm9535@gmail.com

Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Flutter developer with 2+ years of commercial experience building Android and iOS applications, including creative tools, offline utilities and private journals. Works across architecture, state management, APIs, local persistence and release preparation, using AI-assisted development with code review and QA.

EXPERIENCE

Flutter Developer | Confidential Mobile App Publisher

Remote | July 2024 - Present

- Developed and maintained Flutter applications from requirements and architecture through debugging, QA and release preparation.
- Implemented state management, navigation, responsive interfaces, localization, data models and local persistence; integrated REST APIs and server-backed features.
- Used reusable Flutter components and AI-assisted tools, reviewing generated code before integration and release.

Independent Software and Flutter Projects

Built personal Flutter products with routing, state management, reusable widgets and persistent data. Earlier C# and React projects covered UI state, data flow, APIs and server-backed functionality.

SELECTED COMMERCIAL WORK

Blasm Vibes | Private photo journal. Developed local-first journaling flows with local media storage, native photo-permission handling, device-authentication protection and multilingual UI.

HiddenView | Cinema journal. Contributed to a Flutter cinema journal with mood-based film discovery, surprise film picks, screening planning, viewing notes and a multilingual interface.

Public Flutter samples: HingeBench | Dugout Delta

TECHNICAL SKILLS

Mobile: Flutter, Dart, Android, iOS, responsive UI, localization, animations
Architecture and state: GetX, BLoC/Cubit, repository pattern, local-first architecture
Data and integration: REST APIs, Dio/http, JSON models, server integration, local persistence
Quality and tools: Unit testing, Flutter analysis, Git, Xcode, Android Studio
Additional: C#, JavaScript, React, AI coding tools

COMMUNICATION

Russian: native. English: written communication. Remote collaboration through documentation and chat.

EDUCATION

Secondary Vocational Diploma, Technician-Programmer
South Ural State Technical College
